# Tailored Van Seat Covers Fitting Instructions

## Tailored Van Seat Cover - Fitting Instructions

Remove the headrests. Place driver's seat cover over the top of the seat, pull down and place the bottom of the seat cover over the base, clip into place. Cover headrest and fit back into place.

Lift passengers seat up, cover and clip into place. Unzip the top of the seat cover and

place around the seat, move seat belt out of the way and zip the cover up. Cover the headrests and replace.

**Please note:** All of our tailored seat covers are different depending on the van make and model, this is a rough guide only. Please contact us if you have any issues fitting your van seat covers.

# Semi Tailored Van Seat Covers

## Semi Tailored Seat Covers –Fitting Instructions

Gather and place over the seat. Pull down to the base, making sure the back of the seat is completely covered. Pull over the base of the seat, covering the whole seat. Align airbag slot if fitted and straighten as required. Pull through armrests depending on the seat cover purchased, the seat cover will not cover the armrest.

For twin passenger seats repeat the above and undo the Velcro, pull through the seat belt and refasten the Velcro.

**Please note:** Our semi-tailored van seat cover come in two different designs and fit a number of different van make and models, this is a rough guide only. Please contact us if you have any issues fitting your van seat covers.
